### MONTHLY FINANCIAL MANAGEMENT REPORT AS AT END OCTOBER 2020

(9/1/3/6)

Cluster: Finance

Portfolio: Financial Management

### 1. PURPOSE

The purpose of the report is to reflect the financial position of the Municipality for the month of OCTOBER 2020.

### 2. OBJECTIVE

The objective of this report is to assist Council to exercise their oversight function to:

- a) Makes rational decisions about the allocation of resources;
- b) Assess the current provision of services, as well as the sustainability of future service delivery;
- c) Assess how officials have discharged their accountability responsibilities;
- d) Ensure transparency in respect of the municipality's financial position and operating results:
- e) Assess the performance of the municipality measured against preset targets and objectives;
- f) Inform Council on how cash and other liquid resources were obtained and utilized;
- g) Assess whether financial resources were administered in accordance with legislative and regulatory requirements; and
- h) Promote comparative information for prior periods and actual results against budgeted or planned results;

### LEGISLATIVE REQUIREMENTS:

It is important for a municipality to report in order to comply with comprehensive legislative and contractual requirements, regulations, restriction and agreements. Effective financial reporting should therefore not only involve the presentation of bare financial facts but should also make provision for compliance issues, integration and interpretation. This will enable interested parties to readily comprehend the significant aspects of a municipality's financial operations.

This report is compiled as per the requirements of Sections 54 and 71 of the Local Government: Municipal Finance Management Act, 56 of 2003 (MFMA).

### BACKGROUND

With reference to section 71 above, "the accounting officer must by no later than 10 working days after the end of each month submit to National treasury and other spheres of government the OCTOBER 2020 report of the municipality a statement on the implementation of the budget and the state of the financial affairs of the municipality"

Financial reports are the primary means of communicating financial information to other interested parties. These reports are made accessible to the Executive for additional management and financial information that helps it carries out its planning, decision- making and control responsibilities, and therefore has the ability to determine the form and content of such additional information to meet its own needs.

Governance is built around the responsibilities of accountability and oversight requiring a culture of transparency and regular reporting. More detailed financial reporting to the Council will facilitate an environment in which potential or real financial problems are reported in time and in an appropriate manner to allow the council to remedy the situation.

The financial situation of the municipality as at the end OCTOBER 2020 is indicated in the different schedules as listed below.

### **EXECUTIVE SUMMARY**

| Item of Financial Position/ Performance                | Actual<br>SEPTEMBER<br>2020 | Actual<br>OCTOBER<br>2020 | Trend Analysis  |
|--|-----------------------------|---------------------------|---|

### 6. <u>DISCUSSIONS</u>

The discussions below are broadly categorized under items of financial position (balance sheet), items of financial performance (income statement) and cash flow, as well as other information of key importance such as Asset Management and MFMA Compliance.

### 6.1 Financial Position

The balance sheet of Council is broadly distinguished into "Assets" (what Council owns) and "Liabilities" (what Council owes) as per Generally Accepted Accounting Principles (GRAP). The difference between assets and liabilities is referred to as the "Net Assets."

The net assets of Council are primarily composed of reserves that Council has built up over the years. The nature of these reserves can be either ring-fenced for specific use only (non-distributable reserves), or redistributable for other use as determined by Council. It must be noted that these reserves are non-cash items and Council's cash held as investments do not match these reserves.

### a) Current Assets

Debtors Management and Credit Control Status for the month ending October 2020.

The debtor's book balance of the municipality as attached in annexure A is R 4 421 418 and bad debts impairment R 954 100.

| 0-30 days | 31-60     | 61-90 | 91-120 | 121-150 | 151-180 | 181-1<br>Yr | Over 1 Yr | Total     |

### Bank reconciliation

Annexure" C1 – 4" indicate the bank reconciliations prepared for the month of October 2020 with the detail on the bank and cash book balances.

The Council has four operating bank accounts Account to be reported on namely:

- Two Primary bank accounts, and
- Two License bank accounts

Council is operating four primary accounts. Bank reconciliations are completed monthly within three working days after the end of each month.

The cashbook shows a favorable balance of R 50 451 428 as at the end of October 2020.

The remaining cash balance must meet operational requirements till end of November 2020, until receipt of the next equitable tranche due in December 2020.

### b) Current Liabilities

Creditors' Age Analysis

Annexure "D" represents the creditors' age analysis of R188 581 470 payable to the Trade creditors in October 2020. An amount of R 124 557 502 is due payable to the licensing authority,

### c) Net Assets

### Reserves

The balance sheet of Council is broadly distinguished into "Assets" (what Council owns) and "Liabilities" (what Council owes) as per Generally Accepted Accounting Principles (GRAP). The difference between assets and liabilities is referred to as the "Net Assets."

The net assets of Council are primarily composed of reserves that Council has built up over the years. The nature of these reserves is that they are ring-fenced for specific use only (non-distributable reserves), as determined by accounting standards. It must be noted that reserves comprise of mostly accounting bookentries and are non-cash transactions. This implies that the reserves on the face of the financial statements do not equate to cash held as investments by Council. As required by prescribed accounting standards (GRAP 01), only provisions are shown separately on the face of the Statement of Financial Position. All reserves are "ring-fenced" as internal reserves within the Accumulated Surplus. Ring-fenced

Assets fair value reserve

reserves are as follows:

Government grant reserve (GGR)

These reserves not supported by cash but are only used for book entry purposes for the phasing in of increased depreciation charges as a result of the full implementation of GRAP 17.

According to GRAP standards, the GGR is created when the municipality receives government grants for the acquisition and/or construction of fixed assets. Once the conditions of the capital grant have been met, the funds are recognized as "revenue" (non-cash) on the statement of financial performance. This "revenue" recognized is then in turn transferred out of the Accumulated Surplus to the GGR on the Statement of Net Assets in order to offset the future depreciation of the property, plant and equipment in question. Hence, the reserve is committed solely for this purpose and cannot be utilized for any other purpose. This is referred to as the non-distributable portion of the reserves. Council must note that these are all non-cash entries.

The purpose of these reserves are to promote community equity and facilitate budgetary control by ensuring that sufficient funds (non-cash) are set aside on the accounting books to offset the future depreciation charges (non-cash) that will be incurred over the estimated useful life of the item of property, plant and equipment financed from government grants, public contributions or a (non-cash) surplus arising from the revaluation of property, plant and equipment.

Council must note that these are all non-cash entries performed only for compliance purposes in line with accounting standards prescribed by the Accounting Standards Board (ASB) and enforced by the Office of the Accountant-General.

### d) <u>Cash Flow</u> See Annexures "B"," C1- 4"," E"

Essentially, the cash flow statement is concerned with the flow of physical cash in and cash out of the municipality as we collect monies owed by debtors and pay out monies due to creditors.

Annexure "E" is Council's cash flow statement which indicates the movements on the main bank accounts. The incoming receipts amount R 10 623 252. Outgoing payments were made to the amount of R 36 408 433. Taking into account the opening cashbook balance,

7

this left a favorable closing balance of R 50 492 253, at the end of October 2020 period, which shows a decrease margin from last month's closing balance. Cost coverage indicator

### = 1.45 TIMES

The cost coverage of the municipality indicates 1.45 monthly fixed operating expenditure and shows that the cash flow of the municipality is favorable. Our cash formula on hand must cover at least until end of November 2020 as the next equitable share allocation is in December 2020. The formula does not take into consideration the contingent assets and liabilities whereby if taken into consideration this will indicate that the municipality is having a liquidity problem as identified in the AG reports of 2017/18 as well as 2018/19.

Grant allocations and expenditure:

Annexure "F" represents the Grants allocation and their expenditure.

### Equitable Share:

First tranche of Equitable Share for 2020/21 amounting to R 124 642 000 was received in the month of July

### Finance Management Grant (FMG):

An amount of R 1000 000 was received and expenditure incurred of R 38 017 in month of October .The FMG Interns were involved in the following activities during the month of October 2020 as part of their training rotation plan:

- One intern in income and budget
- One intern in Expenditure.
- One interns in Supply Chain Management
- One intern in office of the Municipal Manager

The interns have attended CPMD training as part of the internship agreement with National Treasury.

### RRAM

R1719 000 received in October. Expenditure incurred of R 37 576.

### HIV/Aids

R 5 577 000 was received in September and R 1 420 464 was spent for the Month of October 2020, The Expenditure incurred it is for payment of Salaries for community worker.

### **EPWP Projects:**

First Tranche of R 250 000 was received and expenditure incurred for the month of October was R 53 611.

### Water Services

No Grants received in the month of October.

### YOUTH CENTRES (NYDA)

No grant received for the month of October, Expenditure incurred of R 0.

Grant payments to Local Municipalities:

No grant payments were scheduled for local municipalities for the month of October.

### 6.2 Financial Performance

Financial performance shows the results of operations for the given period. It lists sources of revenue and expenses. The statement measures the performance of Council for a given period of time. Surplus or deficit is used to measure financial performance and directly related to the measurement of revenue and expenditure for the reporting period.

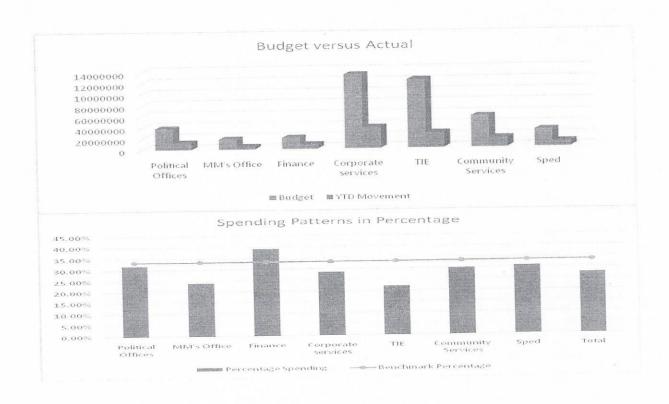

Operating expenses are incurred in the course of conducting normal Council business. They are classified by function such as employee related costs, general expenses, finance charges and contributions to provisions.

"See Annexures G, H & I"

### a) Actual revenue and expenditure

Annexure "G" represents the organizational Operating Revenue and Expenditure which illustrates that R 10 623 252 was generated in revenue. R 30 023 718 in expenditure.

Annexure "H" represents the Capital expenditure and Revenue sources. Capital expenditure amounted to R 103 395 was funded internally for various moveable assets such as furniture & equipment, computers & printers.

# b) Pro-Rata Operating Comparative Analysis (Budget vs. Actual by Cluster)

The Total Performance of the municipality as per our findings and reviews are as follows:

As the month of October 2020 signals the first month of the second quarter 2020/21 financial year, spending trends ought to be around 33.33%. "Other Income" consists of income items such airfield fuel & fees, IT charges to LMs, profit on sale of assets; skills levy income, tender income as well as recoveries from telephone costs and commission on salaries.

The monthly performance indicates that total operating expenditure rate is standing at 27.6% and revenue is at 37.19% of the pro rata budget.

### Intervention measures:

The Supply Chain Management Unit together with Financial Management both serve on the Contract Management Committee chaired by Corporate Services: Legal & Support to monitor contractual obligations and performance management of service providers.

Cost Containment measures are still in place to cut down on expenditure. Refer to the graphs above;

# c) Pro-Rata Capital Comparative Analysis (Budget vs. Actual)

The total Capital Budget approved for 2020/2021 amounts to R 2 850 000 is funded internally from reserves (accumulated surplus) as clusters failed to gain external funds for those projects when rolling out Council's capital intensity programme and drive to assist local municipalities.

Details on performance progress on all capital projects are outlined as per "Annexure I."

# The spending analysis on own fixed assets as at the end of the month of October 2020 is shown in the table below:-

| Description               | Budget  | Adjustment<br>Budget | Monthly<br>Spending | Commitment | Movements | Balance | percentage |
|---------------------------|---------|----------------------|---------------------|------------|-----------|---------|------------|
| Furniture and equipment   | 200000  | 200000               | 0                   | 22609      | 24978     | 175022  | 12.5       |
| Computers and printers    | 200000  | 200000               | 38525               | 16789      | 104067    | 95933   | 52.0       |
| Network<br>Infrastructure | 400000  | 400000               | 64870               | 0          | 149206    | 250794  | 37.3       |
| Vehicles                  | 1350000 | 2050000              | 0                   |            | 0         | 2050000 | 0.0        |
| Total                     | 2150000 | 2850000              | 103395              | 39398      | 278251    | 2571749 | 9.8        |

The indication for capital projects is that all expenses is funded internally for the various components of assets as per the above table.

### Asset Management

A scheduled year-end asset stock take took place and during this stock-take the physical condition and location of assets were verified in order to ensure completeness and accuracy of the fixed asset register. Currently, asset verification stock take takes place twice a year.

No other matters of material significance to report for Asset Management.

# 6.3 Monitoring of Compliance

Policy Governance of Municipal Finance and MFMA Compliance

As part of improving Sedibeng District Municipality's MFMA reporting module, the project plan report indicates our compliance to the requirements as outlined per the MFMA for the financial year 1 July 2020 to 30 June 2021, which has been divided into timeframes of reporting: Annually, Quarterly, Monthly & Ad-hoc.

Finance is pleased to inform the Committee that our obligations in terms of compiling the annual financial statements within the prescripts of GRAP and the requirements of the MFMA have been duly met on time.

It must be noted that the individual Clusters are responsible to action projects and programmes based on their planned OPEX and CAPEX budgets as aligned with their overall SDBIPs. Finance facilitates and supports the Clusters in an overview capacity to ensure that required targets are met. However, without full cooperation of the Clusters in providing substantiation to the comparative reports, Finance cannot completely assure the quality and accuracy of the information disclosed in this report.

### MONTHLY FINANCIAL MANAGEMENT REPORT AS AT END NOVEMBER 2020

(9/1/3/6)

Cluster: Finance

Portfolio: Financial Management

### 1. PURPOSE

The purpose of the report is to reflect the financial position of the Municipality for the month of NOVEMBER 2020.

### 2. OBJECTIVE

The objective of this report is to assist Council to exercise their oversight function to:

- a) Makes rational decisions about the allocation of resources;
- b) Assess the current provision of services, as well as the sustainability of future service delivery;
- c) Assess how officials have discharged their accountability responsibilities;
- d) Ensure transparency in respect of the municipality's financial position and operating results:
- e) Assess the performance of the municipality measured against preset targets and objectives;
- f) Inform Council on how cash and other liquid resources were obtained and utilized;
- g) Assess whether financial resources were administered in accordance with legislative and regulatory requirements; and
- h) Promote comparative information for prior periods and actual results against budgeted or planned results;

### LEGISLATIVE REQUIREMENTS:

It is important for a municipality to report in order to comply with comprehensive legislative and contractual requirements, regulations, restriction and agreements. Effective financial reporting should therefore not only involve the presentation of bare financial facts but should also make provision for compliance issues, integration and interpretation. This will enable interested parties to readily comprehend the significant aspects of a municipality's financial operations.

This report is compiled as per the requirements of Sections 54 and 71 of the Local Government: Municipal Finance Management Act, 56 of 2003 (MFMA).

### BACKGROUND

With reference to section 71 above, "the accounting officer must by no later than 10 working days after the end of each month submit to National treasury and other spheres of government the NOVEMBER 2020 report of the municipality a statement on the implementation of the budget and the state of the financial affairs of the municipality"

Financial reports are the primary means of communicating financial information to other interested parties. These reports are made accessible to the Executive for additional management and financial information that helps it carries out its planning, decision- making and control responsibilities, and therefore has the ability to determine the form and content of such additional information to meet its own needs.

Governance is built around the responsibilities of accountability and oversight requiring a culture of transparency and regular reporting. More detailed financial reporting to the Council will facilitate an environment in which potential or real financial problems are reported in time and in an appropriate manner to allow the council to remedy the situation.

The financial situation of the municipality as at the end NOVEMBER 2020 is indicated in the different schedules as listed below.

### **EXECUTIVE SUMMARY**

6. DISCUSSIONS

The discussions below are broadly categorized under items of financial position (balance sheet), items of financial performance (income statement) and cash flow, as well as other information of key importance such as Asset Management and MFMA Compliance.

6.1 Financial Position

The balance sheet of Council is broadly distinguished into "Assets" (what Council owns) and "Liabilities" (what Council owes) as per Generally Accepted Accounting Principles (GRAP). The difference between assets and liabilities is referred to as the "Net Assets."

The net assets of Council are primarily composed of reserves that Council has built up over the years. The nature of these reserves can be either ring-fenced for specific use only (non-distributable reserves), or redistributable for other use as determined by Council. It must be noted that these reserves are non-cash items and Council's cash held as investments do not match these reserves.

a) Current Assets

Debtors Management and Credit Control Status for the month ending November

The debtor's book balance of the municipality as attached in annexure A is R 954 100 and bad debts impairment R 954 100.

| 0-30 days | 31-60 | 61-90 | 91-120 | 121-150 | 151-180 | 181-1<br>Yr | Over 1 Yr | Total   |
|-----------|-------|-------|--------|---------|---------|-------------|-----------|---------|
| _         | _     | _     | _      | _       | _       | _           | 954 100   | 954 100 |

Bank reconciliation

Annexure" C1 – 4" indicate the bank reconciliations prepared for the month of November 2020 with the detail on the bank and cash book balances.

The Council has four operating bank accounts Account to be reported on namely:

- Two Primary bank accounts, and
- Two License bank accounts

Council is operating four primary accounts. Bank reconciliations are completed monthly within three working days after the end of each month.

The cashbook shows a favorable balance of 23 957 202 as at the end of November 2020.

The remaining cash balance must meet operational requirements till end of November 2020, until receipt of the next equitable tranche due in March 2020.

b) Current Liabilities

Creditors' Age Analysis

Annexure "D" represents the creditors' age analysis of R 138 463 966 payable to the Trade creditors in November 2020. An amount of R 124 557 502 is due payable to the licensing authority,

### c) Net Assets Reserves

The balance sheet of Council is broadly distinguished into "Assets" (what Council owns) and "Liabilities" (what Council owes) as per Generally Accepted Accounting Principles (GRAP). The difference between assets and liabilities is referred to as the "Net Assets."

The net assets of Council are primarily composed of reserves that Council has built up over the years. The nature of these reserves is that they are ring-fenced for specific use only (non-distributable reserves), as determined by accounting standards. It must be noted that reserves comprise of mostly accounting bookentries and are non-cash transactions. This implies that the reserves on the face of the financial statements do not equate to cash held as investments by Council. As required by prescribed accounting standards (GRAP 01), only provisions are shown separately on the face of the Statement of Financial Position. All reserves are "ring-fenced" as internal reserves within the Accumulated Surplus. Ring-fenced reserves are as follows:

- Assets fair value reserve
- Government grant reserve (GGR)

These reserves not supported by cash but are only used for book entry purposes for the phasing in of increased depreciation charges as a result of the full implementation of GRAP 17.

According to GRAP standards, the GGR is created when the municipality receives government grants for the acquisition and/or construction of fixed assets. Once the conditions of the capital grant have been met, the funds are recognized as "revenue" (non-cash) on the statement of financial performance. This "revenue" recognized is then in turn transferred out of the Accumulated Surplus to the GGR on the Statement of Net Assets in order to offset the future depreciation of the property, plant and equipment in question. Hence, the reserve is committed solely for this purpose and cannot be utilized for any other purpose. This is referred to as the non-distributable portion of the reserves. Council must note that these are all non-cash entries.

The purpose of these reserves are to promote community equity and facilitate budgetary control by ensuring that sufficient funds (non-cash) are set aside on the accounting books to offset the future depreciation charges (non-cash) that will be incurred over the estimated useful life of the item of property, plant and equipment financed from government grants, public contributions or a (non-cash) surplus arising from the revaluation of property, plant and equipment.

Council must note that these are all non-cash entries performed only for compliance purposes in line with accounting standards prescribed by the Accounting Standards Board (ASB) and enforced by the Office of the Accountant-General.

d) <u>Cash Flow</u> See Annexures "B"," C1- 4"," E" Essentially, the cash flow statement is concerned with the flow of physical cash in and cash out of the municipality as we collect monies owed by debtors and pay out monies due to creditors.

Annexure "E" is Council's cash flow statement which indicates the movements on the main bank accounts. The incoming receipts amount R 11 735 496. Outgoing payments were made to the amount of R 27 503 896. Taking into account the opening cashbook balance, this left a favorable closing balance of R 23 998 027, at the end of November 2020 period, which shows a decrease margin from last month's closing balance. Cost coverage indicator

The cost coverage formula = 

(All available cash at the end of the period in the cashbook) + (investments at hand less Provisions)

Monthly fixed operating expenditure

The cost coverage formula = (23 957 202) + R0

R 34 768 431

= 0.69 TIMES

The cost coverage of the municipality indicates 0.69 monthly fixed operating expenditure and shows that the cash flow of the municipality is favorable. Our cash formula on hand must cover at least until end of march 2021 as the next equitable share allocation is in December 2020. The formula does not take into consideration the contingent assets and liabilities whereby if taken into consideration this will indicate that the municipality is having a liquidity problem as identified in the AG reports of 2017/18 as well as 2018/19.

Grant allocations and expenditure:

Annexure "F" represents the Grants allocation and their expenditure.

Equitable Share:

First tranche of Equitable Share for 2020/21 amounting to R 124 642 000 was received in the month of July

Finance Management Grant (FMG):

An amount of R 1000 000 was received and expenditure incurred of R 33 998 in month of November .The FMG Interns were involved in the following activities during the month of November 2020 as part of their training rotation plan:

- One intern in income and budget
- One intern in Expenditure.
- · One interns in Supply Chain Management
- One intern in office of the Municipal Manager

The interns have attended CPMD training as part of the internship agreement with National Treasury.

**RRAM** 

R1719 000 received in November. Expenditure incurred of R 21 526.

HIV/Aids

R 5 577 000 was received in September and R 3 718 000 in November. R 378 000 was spent for the Month of November 2020.

**EPWP Projects**:

First Tranche of R 250 000 was received and expenditure incurred for the month of November is R148 389.

### Water Services

No Grants received in the month of November .

### YOUTH CENTRES (NYDA)

Grant received in the month of October R 2 654 000, Expenditure incurred of R 0.

Grant payments to Local Municipalities:

No grant payments were scheduled for local municipalities for the month of November.

### 6.2 Financial Performance

Financial performance shows the results of operations for the given period. It lists sources of revenue and expenses. The statement measures the performance of Council for a given period of time. Surplus or deficit is used to measure financial performance and directly related to the measurement of revenue and expenditure for the reporting period.

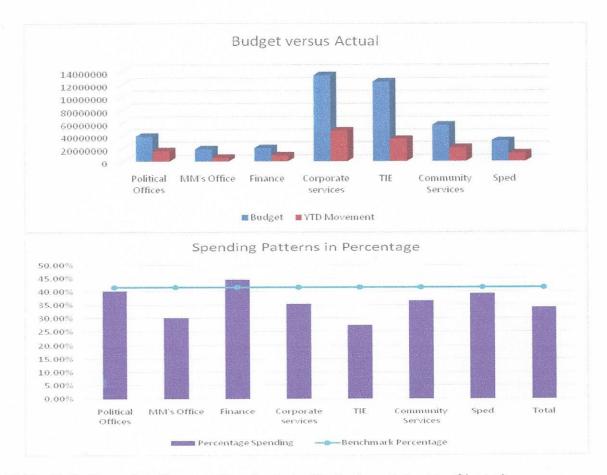

Operating expenses are incurred in the course of conducting normal Council business. They are classified by function such as employee related costs, general expenses, finance charges and contributions to provisions.

"See Annexures G, H & I"

# a) Actual revenue and expenditure

Annexure "G" represents the organizational Operating Revenue and Expenditure which illustrates that R 11 735 496 was generated in revenue. R 27 503 893 in expenditure.

Annexure "H" represents the Capital expenditure and Revenue sources. Capital expenditure amounted to R 16 789 was funded internally for various moveable assets such as furniture & equipment, computers & printers.

### b) Pro-Rata Operating Comparative Analysis (Budget vs. Actual by Cluster)

The Total Performance of the municipality as per our findings and reviews are as follows:

As the month of November 2020 signals the second month of the second quarter 2020/21 financial year, spending trends ought to be around 41.67%. "Other Income" consists of income items such airfield fuel & fees, IT charges to LMs, profit on sale of assets; skills levy income, tender income as well as recoveries from telephone costs and commission on salaries.

The monthly performance indicates that total operating expenditure rate is standing at 34.14% and revenue is at 39.96% of the pro rata budget.

### Intervention measures:

The Supply Chain Management Unit together with Financial Management both serve on the Contract Management Committee chaired by Corporate Services: Legal & Support to monitor contractual obligations and performance management of service providers.

Cost Containment measures are still in place to cut down on expenditure. Refer to the graphs above;

### c) Pro-Rata Capital Comparative Analysis (Budget vs. Actual)

The total Capital Budget approved for 2020/2021 amounts to R 2 850 000 is funded internally from reserves (accumulated surplus) as clusters failed to gain external

funds for those projects when rolling out Council's capital intensity programme and drive to assist local municipalities.

Details on performance progress on all capital projects are outlined as per "Annexure I."

### The spending analysis on own fixed assets as at the end of the month of November 2020 is shown in the table below:-

| Description               | Budget    | Adjustment<br>Budget | Monthly<br>Spending | Commitment | YTD<br>Movements | Balance | percentage |
|---------------------------|-----------|----------------------|---------------------|------------|------------------|---------|------------|
| Furniture and equipment   | 200000    | 200000               | 0                   | 49606      | 24977            | 175023  | 12.5       |
| Computers and printers    | 200000    | 200000               | 16789               |            | 120856           | 79144   | 60.4       |
| Network<br>Infrastructure | 400000    | 400000               | 0                   | 37657      | 149206           | 250794  | 37.3       |
| Vehicles                  | 1 350000  | 2050000              | 0                   | 1069961    | 0                | 2050000 | 0.0        |
| Total                     | 2 150 000 | 2850000              | 16789               | 1157224    | 295039           | 2554961 | 10.4       |

The indication for capital projects is that all expenses is funded internally for the various components of assets as per the above table.

### Asset Management

A scheduled year-end asset stock take took place and during this stock-take the physical condition and location of assets were verified in order to ensure completeness and accuracy of the fixed asset register. Currently, asset verification stock take takes place twice a year.

No other matters of material significance to report for Asset Management.

### 6.3 Monitoring of Compliance

Policy Governance of Municipal Finance and MFMA Compliance

As part of improving Sedibeng District Municipality's MFMA reporting module, the project plan report indicates our compliance to the requirements as outlined per the MFMA for the financial year 1 July 2020 to 30 June 2021, which has been divided into timeframes of reporting: Annually, Quarterly, Monthly & Ad-hoc.

Finance is pleased to inform the Committee that our obligations in terms of compiling the annual financial statements within the prescripts of GRAP and the requirements of the MFMA have been duly met on time.

It must be noted that the individual Clusters are responsible to action projects and programmes based on their planned OPEX and CAPEX budgets as aligned with their overall SDBIPs. Finance facilitates and supports the Clusters in an overview capacity to ensure that required targets are met. However, without full cooperation of the Clusters in providing substantiation to the comparative reports, Finance cannot completely assure the quality and accuracy of the information disclosed in this report.

# MONTHLY FINANCIAL MANAGEMENT REPORT AS AT END DECEMBER 2020

(9/1/3/6)

Cluster : Finance

Portfolio: Financial Management

### 1. PURPOSE

The purpose of the report is to reflect the financial position of the Municipality for the month of DECEMBER 2020.

### 2. OBJECTIVE

The objective of this report is to assist Council to exercise their oversight function to:

a) Make rational decisions about the allocation of resources;

b) Assess the current provision of services, as well as the sustainability of future service delivery;

c) Assess how officials have discharged their accountability responsibilities;

d) Ensure transparency in respect of the municipality's financial position and operating results:

e) Assess the performance of the municipality measured against preset targets and objectives;

f) Inform Council on how cash and other liquid resources were obtained and utilized;

g) Assess whether financial resources were administered in accordance with legislative and regulatory requirements; and

h) Promote comparative information for prior periods and actual results against budgeted or planned results;

### LEGISLATIVE REQUIREMENTS:

It is important for a municipality to report in order to comply with comprehensive legislative and contractual requirements, regulations, restriction and agreements. Effective financial reporting should therefore not only involve the presentation of bare financial facts but should also make provision for compliance issues, integration and interpretation. This will enable interested parties to readily comprehend the significant aspects of a municipality's financial operations.

This report is compiled as per the requirements of Sections 54 and 71 of the Local Government: Municipal Finance Management Act, 56 of 2003 (MFMA).

### **BACKGROUND**

With reference to section 71 above, "the accounting officer must by no later than 10 working days after the end of each month submit to National treasury and other spheres of government the DECEMBER 2020 report of the municipality a statement on the implementation of the budget and the state of the financial affairs of the municipality"

1

Financial reports are the primary means of communicating financial information to other interested parties. These reports are made accessible to the Executive for additional management and financial information that helps it carries out its planning, decision- making and control responsibilities, and therefore has the ability to determine the form and content of such additional information to meet its own needs.

Governance is built around the responsibilities of accountability and oversight requiring a culture of transparency and regular reporting. More detailed financial reporting to the Council will facilitate an environment in which potential or real financial problems are reported in time and in an appropriate manner to allow the council to remedy the situation.

The financial situation of the municipality as at the end DECEMBER 2020 is indicated in the different schedules as listed below.

### **EXECUTIVE SUMMARY**

| Item of Financial Position/ Performance                | Actual<br>NOVEMBER<br>2020 | Actual<br>December<br>2020 | Trend Analysis   |

### 6. <u>DISCUSSIONS</u>

The discussions below are broadly categorized under items of financial position (balance sheet), items of financial performance (income statement) and cash flow, as well as other information of key importance such as Asset Management and MFMA Compliance.

### 6.1 Financial Position

The balance sheet of Council is broadly distinguished into "Assets" (what Council owns) and "Liabilities" (what Council owes) as per Generally Accepted Accounting Principles (GRAP). The difference between assets and liabilities is referred to as the "Net Assets."

The net assets of Council are primarily composed of reserves that Council has built up over the years. The nature of these reserves can be either ring-fenced for specific use only (non-distributable reserves), or redistributable for other use as determined by Council. It must be noted that these reserves are non-cash items and Council's cash held as investments do not match these reserves.

a) <u>Current Assets</u> <u>Debtors Management and Credit Control Status for the month ending November</u>

The debtor's book balance of the municipality as attached in annexure A is R 2 413 029 and bad debts impairment R 954 100.

| 0-30 days | 31-60 | 61-90 | 91-120 | 121-150 | 151-180 | 181-1<br>Yr | Over 1 Yr | Total     |
|-----------|-------|-------|--------|---------|---------|-------------|-----------|-----------|
| 1 458 929 | 0     | 0     | 0      | 0       | 0       | 0           | 954 100   | 2 413 029 |

Bank reconciliation

Annexure" C1 - 4" indicate the bank reconciliations prepared for the month of November 2020 with the detail on the bank and cash book balances.

The Council has four operating bank accounts Account to be reported on namely:

- Two Primary bank accounts, and
- Two License bank accounts

Council is operating four primary accounts. Bank reconciliations are completed monthly within three working days after the end of each month.

The cashbook shows a favorable balance of R 85 434 255 as at the end of December 2020.

The remaining cash balance must meet operational requirements till end of February 2021, until receipt of the next equitable tranche due in March 2021.

b) Current Liabilities

Creditors' Age Analysis

Annexure "D" represents the creditors' age analysis of R 166 419 501 payable to the Trade creditors in December 2020. An amount of R 124 557 502 is due payable to the licensing authority,

| 0-30 days  | 31-60 | 61-90 | 91-120 | 121-150 | 151-180 | 181-1 Yr | Over 1 Yr   | Total       |
|------------|-------|-------|--------|---------|---------|----------|-------------|-------------|
| 13 981 814 | 0     | 0     | 0      | 0       | 0       | 0        | 152 437 687 | 166 419 501 |

c) Net Assets Reserves The balance sheet of Council is broadly distinguished into "Assets" (what Council owns) and "Liabilities" (what Council owes) as per Generally Accepted Accounting Principles (GRAP). The difference between assets and liabilities is referred to as the "Net Assets."

The net assets of Council are primarily composed of reserves that Council has built up over the years. The nature of these reserves is that they are ring-fenced for specific use only (non-distributable reserves), as determined by accounting standards. It must be noted that reserves comprise of mostly accounting bookentries and are non-cash transactions. This implies that the reserves on the face of the financial statements do not equate to cash held as investments by Council.

As required by prescribed accounting standards (GRAP 01), only provisions are shown separately on the face of the Statement of Financial Position. All reserves are "ring-fenced" as internal reserves within the Accumulated Surplus. Ring-fenced reserves are as follows:

- Assets fair value reserve
- Government grant reserve (GGR)

These reserves not supported by cash but are only used for book entry purposes for the phasing in of increased depreciation charges as a result of the full implementation of GRAP 17.

According to GRAP standards, the GGR is created when the municipality receives government grants for the acquisition and/or construction of fixed assets. Once the conditions of the capital grant have been met, the funds are recognized as "revenue" (non-cash) on the statement of financial performance. This "revenue" recognized is then in turn transferred out of the Accumulated Surplus to the GGR on the Statement of Net Assets in order to offset the future depreciation of the property, plant and equipment in question. Hence, the reserve is committed solely for this purpose and cannot be utilized for any other purpose. This is referred to as the non-distributable portion of the reserves. Council must note that these are all non-cash entries.

The purpose of these reserves are to promote community equity and facilitate budgetary control by ensuring that sufficient funds (non-cash) are set aside on the accounting books to offset the future depreciation charges (non-cash) that will be incurred over the estimated useful life of the item of property, plant and equipment financed from government grants, public contributions or a (non-cash) surplus arising from the revaluation of property, plant and equipment.

Council must note that these are all non-cash entries performed only for compliance purposes in line with accounting standards prescribed by the Accounting Standards Board (ASB) and enforced by the Office of the Accountant-General.

### d) <u>Cash Flow</u> See Annexures "B"," C1- 4"," E"

Essentially, the cash flow statement is concerned with the flow of physical cash in and cash out of the municipality as we collect monies owed by debtors and pay out monies due to creditors.

Annexure "E" is Council's cash flow statement which indicates the movements on the main bank accounts. The incoming receipts amount R 98 058 073. Outgoing payments were made to the amount of R 27 178 166. Taking into account the opening cashbook balance,

this left a favorable closing balance of R 85 475 082, at the end of December 2020 period, which shows a decrease margin from last month's closing balance. Cost coverage indicator

(All available cash at the end of the period in the cashbook) + (investments at hand less Provisions) The cost coverage formula = Monthly fixed operating expenditure

= (85 434 255) + R0The cost coverage formula R 34 768 431

**2.46 TIMES** 

The cost coverage of the municipality indicates 2.46 monthly fixed operating expenditure and shows that the cash flow of the municipality is favorable. Our cash formula on hand must cover at least until end of February 2021 as the next equitable share allocation is in March 2021. The formula does not take into consideration the contingent assets and liabilities whereby if taken into consideration this will indicate that the municipality is having a liquidity problem as identified in the AG reports of 2017/18 as well as 2018/19.

Grant allocations and expenditure:

Annexure "F" represents the Grants allocation and their expenditure.

Equitable Share:

First tranche of Equitable Share for 2020/21 amounting to R 124 642 000 was received in the month of July and second tranche of R 87 122 000 Received in December. The third tranche will be received on March 2021 and will amount to R70 068 000.

Finance Management Grant (FMG):

An amount of R 1000 000 was received and expenditure incurred of R 33 998 in month of December .The FMG Interns were involved in the following activities during the month of December 2020 as part of their training rotation plan:

- One intern in income and budget section
- One intern in Expenditure section
- One interns in Supply Chain Management
- One intern in office of the Municipal Manager

The interns have attended CPMD training as part of the internship agreement with National Treasury.

Rural Roads Assets Management Grant

R1719 000 received. Expenditure incurred of R 27 933 in December.

HIV/Aids

R 5 577 000 was received in September and R 3 718 000 in November. R 354 207 was spent for the Month of December 2020.

Extended Public Works Projects:

First Tranche of R 250 000 was received in September 2020 and expenditure incurred for the month of December is R 160 045.

### Water Services

No Grants received in the month of December.

# YOUTH CENTRES (National Youth Development Agency)

Grant received in the month of October R 2 654 000 and no expenditure was incurred during month of December.

Grant payments to Local Municipalities:

No grant payments were scheduled for local municipalities for the month of December.

### 6.2 Financial Performance

Financial performance shows the results of operations for the given period. It lists sources of revenue and expenses. The statement measures the performance of Council for a given period of time. Surplus or deficit is used to measure financial performance and directly related to the measurement of revenue and expenditure for the reporting period.

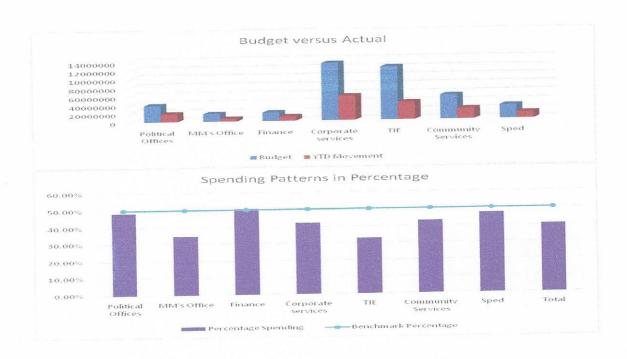

Operating expenses are incurred in the course of conducting normal Council business. They are classified by function such as employee related costs, general expenses, finance charges and contributions to provisions.

"See Annexures G, H & I"

# a) Actual revenue and expenditure

Annexure "G" represents the organizational Operating Revenue and Expenditure which illustrates that R 98 058 073 was generated in revenue. R 27 178 166 in expenditure.

Annexure "H" represents the Capital expenditure and Revenue sources. Capital expenditure amounted to R 49 606 was funded internally for various moveable assets such as furniture & equipment, computers & printers.

# b) Pro-Rata Operating Comparative Analysis (Budget vs. Actual by Cluster)

The Total Performance of the municipality as per our findings and reviews are as follows:

As the month of December 2020 signals the third month of the second quarter 2020/21 financial year, spending trends ought to be around 50%. "Other Income" consists of income items such airfield fuel & fees, IT charges to LMs, profit on sale of assets; skills levy income, tender income as well as recoveries from telephone costs and commission on salaries.

The monthly performance indicates that total operating expenditure rate is standing at 40.61% and revenue is at 63.17% of the pro rata budget.

### Intervention measures:

The Supply Chain Management Unit together with Financial Management both serve on the Contract Management Committee chaired by Corporate Services: Legal & Support to monitor contractual obligations and performance management of service providers.

Cost Containment measures are still in place to cut down on expenditure. Refer to the graphs above;

# c) Pro-Rata Capital Comparative Analysis (Budget vs. Actual)

The total Capital Budget approved for 2020/2021 amounts to R 2 850 000 is funded internally from reserves (accumulated surplus) as clusters failed to gain external funds for those projects when rolling out Council's capital intensity programme and drive to assist local municipalities.

Details on performance progress on all capital projects are outlined as per "Annexure I."

# The spending analysis on own fixed assets as at the end of the month of December 2020 is shown in the table below:-

| Description               | Budget    | Adjustment<br>Budget | Monthly<br>Spending | Commitment | Movements | Balance   | percentage |
|---------------------------|-----------|----------------------|---------------------|------------|-----------|-----------|------------|
| Furniture and equipment   | 200 000   | 200 000              | 49 606              | 0          | 74 583    | 125 417   | 37.29      |
| Computers and printers    | 200 000   | 200 000              | 0                   |            | 120 856   | 79 144    | 60.4       |
| Network<br>Infrastructure | 400 000   | 400 000              | 0                   | 77 655     | 149 206   | 250 794   | 37         |
| Vehicles                  | 1 350 000 | 2 050 000            | 0                   | 1 069 961  | 0         | 2 050 000 | 0.0        |
| Total                     | 2 150 000 | 2 850 000            | 49 606              | 1 147 616  | 344 645   | 2 505 354 | 12.1       |

The indication for capital projects is that all expenses is funded internally for the various components of assets as per the above table.

### Asset Management

A scheduled year-end asset stock take took place and during this stock-take the physical condition and location of assets were verified in order to ensure completeness and accuracy of the fixed asset register. Currently, asset verification stock take takes place twice a year.

No other matters of material significance to report for Asset Management.

### 6.3 Monitoring of Compliance

Policy Governance of Municipal Finance and MFMA Compliance
As part of improving Sedibeng District Municipality's MFMA reporting module, the project plan report indicates our compliance to the requirements as outlined per the MFMA for the financial year 1 July 2020 to 30 June 2021, which has been divided into timeframes of reporting: Annually, Quarterly, Monthly & Ad-hoc.

Finance is pleased to inform the Committee that our obligations in terms of compiling the annual financial statements within the prescripts of GRAP and the requirements of the MFMA have been duly met on time.

It must be noted that the individual Clusters are responsible to action projects and programmes based on their planned OPEX and CAPEX budgets as aligned with their overall SDBIPs. Finance facilitates and supports the Clusters in an overview capacity to ensure that required targets are met. However, without full cooperation of the Clusters in providing substantiation to the comparative reports, Finance cannot completely assure the quality and accuracy of the information disclosed in this report.
